Note:

EPS: Half yearly and Q2 EPS has been increased to BDT 3.02 and BDT 0.16 from BDT (1.81) and BDT (0.93) respectively. This increase is primarily due to increase in half yearly and Q2 non-operating income by BDT 211,993,841 and BDT 88,940,944 respectively. However, significant downturn in demand within the construction sector, political unrest throughout the period, disrupted supply chain adversely impacted gross profit margin of the current reporting period.

NAV: The increased earnings during the period (as discussed above) has ensured the NAV growth of 219%.

NOCFPS: The NOCFPS has been increased to BDT 0.31 from BDT (1.22) mainly due to efficient management of working capital.

N.B: The details of the published Quarterly Financial Statements are available in the website of the Company. The address of the website is 'www.anwargalvanizing.com'.
